

## Ultimate Preview Add-on

---

This add-on extends the functionality of Ultimate Preview Pro.

### Requirements

---

- [\*\*Ultimate Preview Pro\*\*](#) package must be installed.

- The add-on will not work without Ultimate Preview Pro.

### Installation

---

1. Download and install the [\*\*Ultimate Preview Pro\*\*](#) package.
2. Import the add-on to your project.
3. The add-on will automatically integrate and start working with Ultimate Preview Pro.
